John E. Laursen  
Environmental Specialist  
Chevron Chemical Company  
Manila Star Route  
Vernal, Utah 84180-1203

Dear Mr. Laursen:

Re: Core Drilling for 1991 Season, Chevron Chemical, Vernal Phosphate,  
M/047/007, Uintah County, Utah

Thank you for the information regarding your core drilling program for 1991. The information was forwarded to me by Wayne Hedberg, as I have been assigned lead responsibilities for minerals activities in Uintah County.

The exploration drilling described in your submittal is within the approved mining permit area, therefore, the Division does not require a formal Notice of Intent to Conduct Exploration. It is important, however, that the description and location of any drill holes within a permit area be recorded for future reference. Since you have provided that information please consider this letter as a record of receipt and acknowledgement by the Division.

Sincerely,

A handwritten signature in cursive script, reading 'Anthony A. Gallegos'.

Anthony A. Gallegos  
Reclamation Engineer
